WORK EXPERIENCE

Graduate Assistant, Northeastern Illinois University (NEIU) | September 2026 - Present

- Collaborate with an interdisciplinary team on a project exploring AI adoption, user trust, perceived value, and engagement.
- Support technical research, documentation, and organization of project findings.
- Contribute an Information Technology perspective to developing practical recommendations for human-centered AI adoption.

Server & Bartender, Chili's, Gurnee, IL, January 2024 - Present

- Efficiently manage multi-table sections during peak hours, de-escalate customer concerns quickly, and maintain clear communication with kitchen staff.
- Collaborate across front-of-house and back-of-house teams to maintain rapid table turnover, manage competing priorities, and optimize floor workflow.

Tech Desk Support, Northeastern Illinois University (NEIU) | August 2024 - October 2024

- Provided basic technical support to students, including troubleshooting printer-related issues.
- Installed software applications, including Google Chrome, Zoom, and Microsoft Teams, on university computers.
- Used Microsoft Excel to update and maintain student U-Pass opt-in and opt-out records.
- Communicated with students through email regarding technology and administrative requests.
